

# Realise your potential

## Wellington College Independent School Jakarta

aims to be a pioneering co-educational institution, driven by the need to provide young people with the knowledge, skills and character to realise their potential and help shape and serve the ever-changing world in which they live.

## Our Values

We aim for all our students to become happy, kind and responsible global citizens. The five core values of being a Wellingtonian are:

**Courage**

**Respect**

**Integrity**

**Kindness**

**Responsibility**

Our values and ethos are alive and at the heart of everything we do, in all of our schools. They are present in the way we think and behave, in what we expect of ourselves and also of each other.

## Ages and Stages of Learning

### Early Years (ages 3-5)

Pupils learn more in the early years than at any other time of their lives. Ideas and attitudes formed at this stage have a profound effect on their approach to future learning. Wellington Early Years build our programmes around the English Early Years Foundation Stage Framework and our curriculum is carefully tailored for this unique age group, setting the vital building blocks for a child's physical, emotional, social and period of childhood development.

### Primary Years (ages 6-11)

Our Wellington Primary phase combines the core tenets of the English National Curriculum through enquiry-based studies and the skilful teaching of subjects which are fundamental to a successful journey into senior school education.

A focus on academic excellence is coupled with an ongoing emphasis on depth and breadth of independent study, delivered through a wide range of creative and cross-curricular research projects.

**2024 - 2025 PROSPECTUS**

# Wellington College Independent School Jakarta

Our school is situated near **TB Simatupang, South Jakarta**, a well-established upscale residential and commercial district. The school is within the vicinity of a premium retail mall, office Tower and residential apartments. Our campus has been expertly designed to be a thriving and purposeful, secure school for children between 3 and 11 years.

Deliberately different from any other school in the city, **the calmness of the natural spaces we have created within the building enables an urban oasis which is convenient and easy to reach for our families.** Classrooms are light and airy, and all have access to indoor garden spaces and large-scale play areas with large and well-resourced play areas.
